Tech skills
JavasScript (ES6), React, React hooks, React Native, Expo, Redux, Redux toolkit, HTML5, CSS3, Rest-API's, Postman, Node.js, Express, Mongo DB, GitHub, VS Code, NPM, Web-accessibility (WCAG), mob-/pair-programming, code reviews, code-coaching.

Other skills
Figma, Notion, Jira, Photoshop, remote work, agile work, teamwork, coachning, coordination, workshops, communicative skills.

ABOUT ME
I am a tech-curious Front end developer with a passion for clean code and visually engaging and accessible design. What I love most about programming is that I constantly get to evolve and learn new things and use my logical problem-solving skills.

SELECTED WORK EXPERIENCE
Front end developer & Code coach, Technigo – 2020-08-17 - 2021-04
A 24-week fast-paced remote bootcamp. Focused on: JavaScript (ES6), React, Redux, HTML5, CSS3, Web accessibility, APIs and server-side programming with Node.js, Express and Mongo DB. I coded one project a week, covering everything from the basics of programming to structuring web projects in the latest tech. Agile work-methods with sprints, check-ins, demos and retros. Mob/pair-programming and code reviews. In 2021 I have been working as a code coach for new students, helping them with projects in React/Redux.

Public employment officer, Swedish Public Employment Service – 2015-
Public employment officer with team-coordination responsibility. Specialized in guidance and education to motivate people to study. Many contacts internally and externally.

SELECTED EDUCATION
Technigo, Stockholm – Front end development bootcamp, 2020 - 2021
A 24-week fast-paced programming education. Project-based learning. Highlight: JavaScript (ES6), React hooks, HTML5, CSS3, Web-accessibility (WCAG), API's and back-end-programmering in Node.js, Express and Mongo DB. I coded one project a week, individually as well as in pair/mob. Graduated in February 2021. https://www.technigo.io/program

Åsö Komvux, Stockholm – Programming 1 (JavaScript), 2021
JavaScript. 5-weeks course (adult education at upper-secondary level).

SuperHi, Online – Foundation course HTML, CSS, JavaScript, 2020
8-weeks online course: HTML, CSS, JS, coding 8 projects: superhi.com

Lunds universitet – Bachelor's degree, 2004-2008
Bachelor's degree, political science. Policy and public administration.
